Concept TOYA

The general belief is that bulky furniture can not be beautiful and elegant. TOYA furniture has come to prove against the general trend. The Toya concept is unparalleled in comfort and durability.

Bed Room ♥

TOYA and VERTA beds have many similarities, inch by inch, this bed feels like the countless cushions that surround you. We all remember the bitter experience of bumping our toes. This bed works as a great lawyer defending your finger toe.

Dining Room 🍷

We have used everything that is necessary for a dining table and removed the other parts. Finally, the TOYA table was born with a modern and distinctive look. This is a table which can be matched by all modern chairs.

1439

The comfort and relaxation that you get on this sofa is unparalleled. The solid fortifications that are installed layer by layer under our special clouds is the secret of Tolica Company in the comfort of products.

Do you Like to Hear an Incredible Story about Lonelies whale!
This is Tale of 52 -Hertz Whale

It's been nicknamed "the loneliest whale in the world". It sings a song like no other. Some say it wanders alone across the Pacific Ocean, crying out for companionship that never comes. No-one knows for sure whether the whale is male or female, what species it is, or even if it still lives. The 52-hertz whale is an individual whale of unidentified species which calls at the very unusual frequency of 52 Hz. This pitch is a much higher frequency than that of the other whale species with migration patterns most closely resembling the 52-hertz whale's
